Frequently Asked Questions

How often should I have my dog groomed?

It depends on the type of coat your dog has and of course the look you want to maintain. We recommend between 5 to 8 weeks to keep your dog in great condition and suggest that you book your next appointment when you collect your dog so that it is reserved for you in advance.

How long does it take?

This depends on the individual dog, its age, breed, temperament and coat, but a two hour minimum time is usually required for your dogs grooming appointment.

Do you groom large breeds?

Yes we welcome large breeds, we have all the necessary equipment and facilities for dealing with large breeds.

Do you offer hand stripping?

Yes, however, whether this service is right for your dog will depend on the coat type and what previous grooming techniques have been applied. We are happy to take a look at your dog and advise if hand stripping is appropriate.

When should I bring my new puppy to meet you?

Once your puppy has completed it's course of vaccinations, book a visit to Allsorts Premier Dog Grooming & Hydrotherapy Centre. We can discuss a suitable grooming routine and advise you how to brush and comb them at home to keep them matt free.

We look forward to welcoming you and your pet!
